### PROFILE

Motivated and detail-oriented Python Django Developer with hands-on experience in building and maintaining dynamic web applications. Skilled in Python, Django, MySQL, HTML, CSS, and Bootstrap, with a strong understanding of backend logic and responsive front-end design. Adept at writing clean, efficient code and troubleshooting complex issues. Passionate about learning new technologies and improving development processes to deliver high-quality solutions.

### SKILLS

- **Programming Language**

Python

- **Framework**

Django

- **Database**

MySQL

- **Others**

Html,Css,Bootstrap

### WORK EXPERIENCE

#### Python Developer intern - 06/2025 (present)

Luminar Technolab,Calicut

- Pursuing Python Developer Internship at Luminar Technolab, Calicut, where I have studied Python, MySQL, HTML, CSS, Bootstrap, and Django in sequence.
- Gaining practical experience through hands-on exercises and mini projects.
- Developing strong skills in web development, database management, and Django-based application development.

### PROJECTS

#### Blog using Django :

Developed a Django-based blog application with separate interfaces for writers and readers. Implemented user authentication allowing writers to add and manage blog posts. Enabled readers to view blogs and post comments on articles. Designed responsive front-end pages using HTML, CSS, and Bootstrap. Integrated SQLite3 database for storing users, blogs, and comments efficiently.

### EDUCATION

#### BE-Computer science Engineering

Anna University,Chennai - 2025
